

# NEW ERA

*Innovations*

1- When you take off from the packages you will get plain as you see on photo

2- Take the arms out of the box and screw the legs to down corners with a screwing machine.

3- Turn the down side of sofa up and screw the secret legs by hand under of the sofa.

4- Try to find holes by touching with your fingers for screwing the parts in.

5- Screw the parts to the arm min. 0,5 cm in.

6- Keep on same line holes on sofa and screws on arm than push them in

7- Screw the thumbscrews strongly with your hands one by one

8- Close the storage with a kliklak put the pillows. Well done, nice work :)
